

ENLARGERS FOR ALL DARKROOMS

OPEMUS 6 STANDARD ENLARGER

IDEAL FOR SCHOOL USE - WELL MADE - STRONG - DURABLE
W' 50MM LENS BY MEOPTA & G/LESS 35MM NEG CARRIER

The Opemus 6a Black & White is a deluxe version of the Standard model. This enlarger prints to a max enlargement size of 25x39cm. Features a tall column (allowing greater magnification), a large baseboard, extensive lens plane adjustments for the correction of line distortions on your negatives (Scheimpflug rectification). It comes with a metal negative carrier fitted with removable 6x6cm anti newton ring glasses and 4 adjustable light masking blades with a split line focusing aid and the ability to lock the carrier ajar while still inserted into the enlarger head: enabling rapid negative changes. As with the Opemus Standard the enlarged double condensers will allow the printing of any format up to 6x6cm.

CAN BE USED FOR MEDIUM FORMAT - JUST ADD AN 80mm LENS

OPEMUS 6 BW w' MEOPTA 50mm LENS \$689 ea
OPEMUS 6 BW w' MEOPTA 50mm LENS (5 or more) \$650 ea

TOP QUALITY ENLARGER AT A SENSIBLE PRICE

ENLARGER MANUFACTURER DO NOT SUPPLY LAMPS WITH ENLARGERS

OPEMUS 7 - Negatives to 6x7cm ALLOWS FOR DISTORTION CORRECTION

Opemus 7 Enlargers can produce black and white or colour photographs from negatives up to 6x7 cm or slides up to 5x5 cm. The lamp is opal 100W fitting with 70 mm envelope (not included). The Opemus 7 enlarger allows image restitution meeting the Scheimpflug condition. Swivelling the device by 90° on the column provides wall projection. Swivelling the enlarger by 180° on the baseboard provides floor projection of high standard enlargements. For Medium Format Negatives to 6x7".

OPEMUS 7 BW w' ANARET 80mm / f4.5 LENS \$1010 ea
