NIKON COOLPIX L19 *8.0 MP- ANTI SHAKE*

The COOLPIX L19 is a quality compact digital camera that combines high performance with outstanding operating ease. A variety of advanced functions simplifies picture-taking. Activated in Easy Auto Mode, Nikon's Scene Auto Selector makes capturing special moments as easy as turning on the camera and shooting without worrying about any settings. The COOLPIX L19 features 8 megapixels, 6x zoom and a 2.7" LCD screen.

NIKON COOLPIX P60 *8.1 MEGAPIXELS- 5X ZOOM*

Built on a custom application of Nikon's innovative EXPEED digital image processing concept and incorporating the precision optics of a NIKKOR lens, the COOLPIX P60 realizes optimum performance and maximum image quality. An effective megapixel count of 8.1 enhances the potential of the high performance digital image-processing engine for outstanding image quality, while an improved 5x Zoom-NIKKOR lens delivers yet more flexibility by ably covering a range from panoramic landscapes to close-up portraits.

NIKON COOLPIX P90 *12.1 MEGAPIXELS - 24X ZOOM (26-624mm)*

The new 24x Zoom-NIKKOR lens for the COOLPIX P90 covers a broad focal range of 26mm wide-angle through 624mm super-telephoto (35mm format equivalent). The clarity of these precision optics combine with 12.1 effective megapixels of sharp resolution and advanced Nikon digital image-processing to faithfully reproduce fine details and subtle tones, and to maintain image quality when taking advantage of extended light sensitivity settings as high as ISO 6400. Image sensor shift VR image stabilisation adds extra reassurance of sharper and clearer results.

PENTAX OPTIO W60 *WATERPROOF TO 4 METRES - 10MP*

Take your PENTAX Optio W60 to new extremes. With 10 megapixels and a 5X internal zoom, this waterproof Optio shoots deeper, wider and at colder temps. A new design allows the Optio W60 to operate up to 4 metres underwater for two hours and at extreme temperatures well below freezing. Perfect for photography in adventurous settings, the Optio W60 captures a wide variety of scenes including expansive landscapes, architecture, and group photos in confined spaces as well as close-up telephoto shots.

PENTAX OPTIO X70 *12 MEGAPIXELS - 24X ZOOM*

The Optio X70 features 24X optical zoom, equivalent to 26-624mm, an impressive 12.0 megapixel CCD for large, detailed images, and a large, bright 2.7 inch LCD screen. The X70 boasts three Shake Reduction technologies to reduce camera shake and blurring of the subject: Mechanical Shake Reduction via a CCD shift mechanism, Digital Shake Reduction via high ISO, and Movie Shake Reduction for blur-free video capture. With PENTAX's face detection technology, the camera quickly and automatically sees up to 32 faces in 0.03 seconds, so portraits and group shots are bright and focused, even in backlit situations. Close focusing, Super Macro mode brings out the details in even the smallest subjects as close as 1 cm from the lens.

PENTAX OPTIO M60 *10 MEGAPIXELS - 5X ZOOM*

The M60 is a small, lightweight camera featuring a metal exterior that gives it a sense of sophistication, the M60 is loaded with an impressive optical 5X zoom, a large LCD monitor, easy-to-understand operability, and approximately 10 megapixels. Furthermore, the Optio M60 makes taking great pictures even easier by leaving it up to the camera to determine specific settings. This is made possible thanks to the strengthened face recognition function and advancements to the convenient "Auto Picture" function unique to PENTAX, where the camera automatically detects the conditions of the subject and selects the optimal scene mode.

PENTAX OPTIO Z10 *SHAKE REDUCTION - 7X OPT.ZOOM*

Designed with a refraction lens system so the lens never protrudes from the camera while zooming, the 7X optical zoom covers a broad range, from wide-angle to telephoto zoom, and offers an ultra high-magnification of up to approx 35.7X when combined with digital zoom. also features 8.0 MP, Face Recognition, Shake Reduction and a sliding lens cover for extra protection.
